Subject: Call on AltEn tomorrow

Jamie.

FYI, I was in a meeting yesterday with our director about our certification regulations, and the topic of AltEn came up. Tammy Z mentioned there was a conference call tomorrow with us, NDEE and EPA, and the director asked to be provided basic information on that call so he was aware of it. I sent forwarded him the meeting invite that shows the people on your invite list, and mentioned NDEE added a couple of other program specialists, but no-one higher up on their administrative team that I was aware of.

Just wanted you to know in case you get a call or e-mail from either side of the discussion.
